

NANSTALLON SCHOOL

08 March 2019

Dear Parents and Carers,

Maths Information Evening / Film Night

Following our successful spelling workshops, where we managed to share spelling strategies and approaches with 53% of our pupils’ parents, we would like to offer you the opportunity to attend the first of our planned maths information evenings.

Your engagement in your child’s learning is second only to having a great teacher influencing your child’s performance in school. Our joint partnership in supporting your child in their learning will undoubtedly result in far greater gains for them in their development than we would otherwise achieve.

With support from our PTA, we are going to put on a ‘movie night’ again.

We will provide refreshments, a very informative maths session focused on addition and subtraction, and a useful handout for you to take away and entertainment for your child.

I hope that you and your child will be able to attend this informative evening on 27 March at 6pm.

Warmest regards,

Mr B Stephenson
Headteacher

Movie Night / Maths Evening – 27/03/19

My child(ren) and I will be attending.
