School Improvements

Since Easter, our school has continued with its programme of improvements including new flooring throughout the communal areas and WCs and new outdoor monkey bars. Going forward there are repairs to the link stairwell corridor window and valley gutters, new free flow access for the current ice cream class to the outdoors and further redecoration and refurbishment to the YR/1/2 learning areas.

We have almost completed our partnership work with Kernow English Hub. The DfE recommended improvements to early reading and phonics at our school have had a huge impact on the quality of teaching, resources and has accelerated reading development in our infant classes. The Kernow English Hub will be recommending Nanstallon as an exemplary teaching model to other Cornwall Schools looking to improve phonics and early reading.

As a parent it is reassuring to know, through external validation, that your children are getting a very strong start at our school.

Warmest regards,

Ben Stephenson
